Beach Nesting Birds Biennial Count Workshops

Port Wakefield Workshop - Tuesday 21 October, 10 am start

Hardwicke Bay Workshop - Wednesday 22 October, 10am start

Port Hughes Workshop - Thursday 23 October, 2 pm start

The Hooded Plover is a charismatic little bird that lives and nests on your local ocean beaches. Every two years in November, we undertake a survey of hooded plovers to get an idea of the numbers left in the population – the Biennial Count!

There's more to the beach than meets the eye: come along to one of our Biennial Count Workshop and learn how to ID the birds you will see, tracks in the sand, plants, survey tips and sign up to participate in this year's event!

We will also have a beach walk so you can see the hooded plovers and their quirky behaviours!

Please bring along wet weather gear, sun protection (be prepared for any weather!) and binoculars if you have them. Morning tea is provided

RSVP by 15th October to Team Leader Community, Yorke
0421 617 155 or
deborah.furbank@sa.gov.au.

Location Information:

- **Port Wakefield - Newsletter Office, 15 Burra Street - 21 Oct**
- **Hardwicke Bay - Progress Association Community Centre, Progress Road - 22 Oct**
- **Port Hughes - Port Hughes General Store, 2 Minnie Terrace - 23 Oct**

Grant Writing for Beginners - FREE Tuesday 18th November, 10am - 12pm Volunteering SA&NT, Corner Flinders St and Victoria Square

Acquire the tricks to finding the right grant for your organisation.

To register for this workshop please complete the form online.

For enquiries, please call VSA&NT (8221 7177).

Thank you

I would like to thank everyone for their beautiful flowers, gifts and so many lovely cards and best wishes on the occasion of my special birthday. Despite the terrible weather my afternoon was enjoyed by all catching up with family and old friends.

Slippery customers starting to wake up

As gardens cry out for a spring spruce-up, remember that those quiet corners of the yard might be home to some unwelcome residents. **Brown snakes** are common all across the state. **Death adders** live in coastal areas of Yorke Peninsula.

"Both of these species are venomous to various degrees and should be avoided" Dr Kelly, Department of Environment, Water and Natural Resources Manager of Animal Welfare Manger said. "If a person or a pet is bitten by any sort of snake, seek medical attention immediately, even if you think it isn't venomous.

"Even when it is newly hatched and just 15cm long, a baby eastern brown snake has enough venom to hospitalise or even kill an adult.

"Many bites happen when someone is trying to catch or kill a snake. If you see one in your home or business, watch where it goes, keep children and pets away and call a snake catcher to remove it.

"Most snakes aren't aggressive and they won't chase you. They are native animals with their own role to play in the ecosystem, such as helping to control rats and mice."

Dr Kelly said the best way to keep snakes away from the home was to keep yards tidy all year round.

Natural Solutions

Fly Repellant

- Burn eucalyptus, lemon or grapefruit oil in a vapouriser.
- Hang muslim bags filled with cloves or bunches of eucalyptus, bay leaf or mint leaves near windows and doors.
- Place a few spots of lavender inside lampshades so it can release its scent, when warmed by the heat of the lamp.
- Grow wormwood, pennyroyal, basil, tansy or rue near doorways – rub, pinch or bruise leaves to release the odours.

Ain't Love Grand

An 80 year old woman was arrested for shop lifting. When she went before the judge he asked her, "What did you steal?" She replied. "A can of peaches." Then judge asked her how many peaches were in the can. She replied, "Six!" The judge then said, "I will give you 6 days in jail." Before the judge could pronounce the punishment the husband spoke up and said, "She also stole a can of peas!"

Gardening

- To stop snails from eating all of your plants, sprinkle crushed egg shells or kitty litter around plants.
- To stop garden tools rusting, rub the metal over with oil and then stand the blades in a bucket of sand. If tools are rusted soak in Methylated Spirits overnight. Remove and lubricate and they will be freed up and usable.
- Next time you go into your garden to pick some roses, take the potato peeler with you – the peeler makes it easy to remove the thorns.

Join the Aussie Backyard Bird Count

20-26 October

Celebrate National Bird Week 2014 by taking part in the biggest citizen science project to hit Aussie shores.

From 20-26 October, thousands of people across the nation are heading out into their backyards, local parks or favourite open spaces to take part in the first ever AUSSIE BACKYARD BIRD COUNT!

To get involved all you need is 20 minutes and some keen eyesight (or binoculars!). It doesn't matter if you're a novice or an expert, simply record the birds you know and look up those you don't on our **new Aussie Bird Count app (free download available in October)** or on our **Aussie Backyard Bird Count website**. You'll instantly see live statistics and information on how many people are taking part near you and the number of birds and species counted across your neighbourhood and the whole of Australia!

Not only will you get to know your feathered neighbours, but you'll be contributing to a vital pool of information from across the nation that will help us see how Australian birds are faring.

So get your friends and family together, head into the great outdoors and start counting!

Join the Green Army!

Are you aged between 17 and 24, an Australian citizen or permanent

resident and would like to be a part of a team that will make a REAL difference to the environment in your local community?

Would you like to be paid an allowance while gaining skills, training and experience that can help you enter the workforce, improve your career opportunities or further your education and training?

Then the GREEN ARMY is for you.

The Green Army is an Australian Government initiative **open to young people** including Indigenous Australians, school leavers, gap year students, graduates and job seekers who are looking to develop skills, undertake training and gain experience in the delivery of conservation projects. Through this, participants will enhance opportunities for careers and further training in conservation.

Healing Dibharra – Yorke Peninsula

This project is your opportunity to be part of environmental restoration including the protection and management of remnant vegetation, native vegetation propagation and pest plant and animal control.

The project will:

- Contribute to the Gynburra Narungga Men's Group vision of 'Healing Dibharra'
- Begin work on environmental restoration and protecting surrounding sites of cultural significance

Vote:
PAIN, Richard (Dick)

I seek your support in the upcoming Council Election and if re-elected I will continue to work hard for the community and ask questions to ensure that Council:

- 1. Spends YOUR MONEY responsibly.*
- 2. Sets priorities and acts in the best interest of the whole community when making decisions.*
- 3. Operates efficiently and effectively and is kept under constant review.*
- 4. Acts in an open and transparent manner.*

I believe that with better management of our finances there would not be a need to increase Council Rates and associated fees such as sewer and waste collection above C.P.I. plus 1%.

I have been and will be available if re-elected to assist you in resolving your problems and concerns.

TO PORT WAKEFIELD PEOPLE and ALL THOSE INTERESTED PARTIES IN WRC

We have been thinking how important the Council Elections are to our lives, more important than we probably realize.

Due to the new divisions of Wards, we are going to have less Councilors sitting on the board of the Council, therefore, fewer individuals to tend to matters relating to the different towns in the area. Furthermore, unless we vote for our preferred members to be elected, they most likely won't be.

The Council Elections are coming up. Voting papers are coming out 20.10.14 and must be returned by 5.00pm Friday 7 November

Are you planning to vote?

Do you know who our Councilors are at the moment?

Are you aware of the good work they have done in our behalf for quite a few years?

We certainly don't know much of it, but we can say that the dealings we have had personally with both our Pt Wakefield representatives Richard Pain and Darryl Pain have been plain, informative, even somewhat passionate about our town and we who live here.

We are convinced they are both selfless and upright in their motives, working hard and long for our good, and we are thankful for them.

You might remember signing a petition form a year or so ago against the planned rise in rates in Council's Long Term Financial Plan at that time.

Though we wrote the letter and others ran with it until the whole Wakefield Region had been informed, and many people from every area had signed the letter to let Council know of the peoples opposition to the 95%+ of rate rises over a 10 year period... It was not us researching, pouring over council matters, working hard to bring an easily understandable short version of the current council events to our local newsletter so people are informed, it was Richard (Dick) Pain.

If Dick Pain had not been putting Council plans into the local newsletter, making them plain and easily understandable, we would not have understood the significance of this move and would never have written the letter.

There have been other significant ways Dick (and Darryl also), have helped us over the past couple of years, going in to bat at Council for our preferences to be considered, and being heard on our behalf, making our towns existence better than it would have been, if some things had gone ahead. (No space here to explain all that)

Just one more thing! Having been to a few council meetings now, I can tell you, being a Councilor is not for the faint hearted. It takes grit and courage to stand against what the majority may want to do. Being a Councilor is no small thing. It is a position that should be considered by us, the community, and given to one who is worthy, accessible and able to fulfil that mandate.

The only way that is done is through us voting. That's why we wrote this letter.

We respect what Dick and Darryl have achieved for us all, their hard work and dedication.

Darryl is not running this time, but DICK IS! We are surely going to

Vote 1 RICHARD (DICK) PAIN

(please note that every box needs to be numbered)

as Councilor for our Ward, but just like the letter we wrote last year, our votes/opinions won't count for anything unless we all get together, realize who we have in Richard (Dick) Pain and VOTE at this years Council Elections. Let's give him the support he deserves.

Cheers, Brian and Pelita Webb

And they are among us.....

A couple arrived at a car dealership to pick up their car after a service and found the mechanic working hard to open the car door as he had inadvertently locked the keys inside.

Wife, watching the action, just tried the passenger side door and found it open. "Hey," she said, "this side is open", to which the mechanic replied, "yes. I know....I already did that side!!!"
