### *In the Garden ...*

How chilly has the weather been? Brrr!

By now the roses, shrubs and summer flowers have been cleaned up, and the garden is looking clean and ready for spring planting. Bulbs are coming into their own and giving showy displays.

Use compost, animal manure or the various prepared fertilizers to upgrade your soil ready for planting. Spring is just around the corner so happy flower, vegetable, shrub, vine and tree planting are ahead.

Whatever type of garden you have, know that planting a garden is hope for tomorrow.

Such a wonderful thought!

Cheers,

Wendy Garvie
