## WRC launches its new-look Community Grants Program

Applications are now open for Wakefield Regional Council's new, streamlined Community Grants Program. Grants of up to \$25,000 will be in the mix, with this year's program and application process revised to make it simple for clubs and groups to apply.

Wakefield Mayor Rodney Reid said Council recognised the importance of this funding to the community. "In 2019, we awarded almost \$200,000 to more than 25 groups for a range of projects," Mayor Reid said. "Last year, we put the grants program on hold so we could deliver our much-needed COVID support program but we know many groups in the community really look forward to seeking funds for their endeavours."

"The grants aim to empower the many hardworking groups and clubs we have here in Wakefield and ensure we are all working together to deliver our community's vision for Wakefield."

Full grant details are available on Council's website. To be eligible, the group or club must be based in the Wakefield region and its application must align with the three themes outlined in Wakefield 2030 – Liveable Communities, Thriving Region, Sustainable Future.

There are three separate funding categories:

- Minor Grants cover up to \$2,000
- Major Grants cover \$2,001 to \$25,000
- Minor to Major Event Sponsorships up to \$500 to \$2,000

Council will soon release details of a new Small Business grant program. People can apply using the online application available through Council's website – [wrc.sa.gov.au](http://wrc.sa.gov.au), or by downloading or printing an editable PDF, and email to [admin@wrc.sa.gov.au](mailto:admin@wrc.sa.gov.au), or submitting in person at the Council Office on Scotland Place (open Monday-Friday 9am to 5pm).

Applications close end of May 2021 and successful grant recipients will be notified in July. For any questions or queries, please contact Community Development Officer and grant supervisor Holly Hannaford on 8862 0800.

## In the Garden 2021 No 7

Goodness, how quickly the season is changing, so now is the time to do those odd jobs before winter arrives. Rake up the fallen leaves and put them in the compost bin, or leave them in a heap out of the way and cover them with a bag, shade cloth or anything that stops them blowing around. This will also help them compost, which will be great for the garden later.

A good hint given by a friend for planting in a pot: line the base of the pot with large gravel, small stones, or recycled plastic packing foam (all make good drainage), then place shade cloth over whatever you use and up the side a little. This permits water to seep out, but not your soil. You can then fill your pot with soil and plant whatever you like. Flowers aren't the only thing to plant in a pot—veggies and herbs do quite well too.

Cheers,  
Wendy Garvie

## News from **THE EAGLES NEST**

### Hummocks Watchman Eagles Football & Netball Club

A big special mention to the HW Eagles junior colts who are off to a great start to the season, after toppling Two Wells in round 1 and Virginia last Saturday. After a string of poor years, this is the best start for the U13s in many many years. Top job fellas!

Guernsey presentations were made to four new B graders and three new A grade players, who made their debut for the club in round one. Guernseys were presented by HWE life member Grant Manners.

In an exciting new initiative this year, Bill Catford was our first underage player to run out as mascot for the A grade side. We look forward to seeing all our other mini players take their turn as mascot at home games throughout the year!

We had two junior & five senior colts from Blyth Snowtown Cats pull on an Eagles guernsey against Two Wells, before their league comp kicked off.

Last Saturday was Anzac round with medals awarded to the

most courageous players in the A grade and A1 games. Hummocks' Ashleigh Williams collected the medal for A1 and Virginia's Brandon Rigney was the A grade recipient. Congratulations Ash!

The Eaglettes are also having a ripper start to the year, with two full sweeps against Two Wells and Virginia. Every netball team is undefeated after two rounds. Keep up the awesome work girls!

This week we take on Mallala at Mallala, followed by Hamley Bridge back at Port Wakefield.

Hope to see you there!

## EASTER SUNDAY SERVICE AT PORT WAKEFIELD

It was great to be able to celebrate Easter Sunday back down at the Swimming Pool. After missing last year to Covid and 2019 to bad weather, to be able to sit, listen to Pastor Errol and glance over the calm waters and enjoy the warmth from the beautiful sunrise, it was the best start to Easter Sunday.

About 45 people enjoyed the message from Pastor Errol and being reminded what the true meaning of Easter is all about. "The love and forgiveness from God".

After the service we were greeted by a yummy breakfast of bacon, eggs and pancakes. No one went hungry!

We are so fortunate given the current Covid conditions around the world to be able to gather and fellowship the Easter season with the community and visitors.

-Danielle Mudge

## **A Thank You Note**

A big, big thank you to the ambulance crews and the CFS people who attended the accident in the dust storm on Tuesday 13/04/21. My husband, Brian was airlifted to the RAH with head and chest injuries. I am pleased to say he is now recuperating in Balaklava hospital. You all worked in extremely difficult circumstances and I am very grateful for your care and concern.

Kind Regards,  
Monica O'Leary

## **Yesterday's News**

### **A "Ghost" at Port Wakefield.**

(From the Burra Record, February 13, 1918).

During the past week the usual quiet of the northern portion of the town of Port Wakefield has been considerably disturbed by the nightly appearance of a mysterious form between Smith's corner and the railway crossing.

The first to meet the spectre was a lady returning home about 9.30 p.m. on Monday, when she was accosted with the enquiry 'How are you?' She fled, and on reaching home promptly collapsed. Half an hour later a young man, returning to his lodgings after an hour spent on the water, noticed the side of a small haystack open and disgorge seven feet or more of a 'ghost' who gave a series of moans, but before the last moan died away the youth was safely inside his habitation, the 130 yards being covered by him under record time.

On Tuesday evening a young couple, in a haven of bliss, were slowly wending their way homeward, when a cold hand placed on their heads caused them to look straight into the awful eyes of a shadowy substance several feet in height and clothed in mist: The young fellow cleared six feet of paling fence seeking safety in flight. The girl, after a round of screams, sought refuge in the first available house.

On Wednesday night two young men, assisted by a nearly full moon and armed in divers ways, laid in wait, and after two hours watching observed an object rise apparently from the earth; and after 'mesmerising' a horse to such an extent that the affrighted beast laid down in an unconscious condition, the 'apparition,' after passing over walls and fences, disappeared in an old quarry, where it was thought best to leave it.

On Thursday night two men passing this spot were having a heated argument over Russia, when they suddenly found that a third party had joined them wearing clothing resembling grey smoke, and the wearer seemed to be much above the usual height, but before any further particulars were noted both men were in safe keeping. Taking advantage of the heat on Friday night, a man was sleeping in his front verandah immediately under the bedroom window. About midnight from some accountable reason he woke up to see some hideous object making mysterious signs to him over the picket fence. He promptly entered the bedroom, taking the window-sash with him.

Various descriptions of this mysterious visitor have been given. They all agree, however, to the height being about eight feet, with fearful eyes and several other items which are required to make up a respectable 'ghost.' The mystery was somewhat cleared up the other night by a boy, who ran into an old, grey horse feeding alongside the road. The lad states that the animal, when struck with the bike, rose up in the air, and tried to hit things with its fore-feet.

## Avon Day Out for Kids.

The Avon Hall was opened on Tuesday 20<sup>th</sup> April for a Games Day for kids. An opportunity to challenge, Parents, Grandies or Care Person to a game of Carpet Bowls, Table Tennis, or one of the GIANT Mat Games, or those looking for something less active table games.

Overall a large number of various activities were on offer to try, although the morning rain curtailed some of the outdoor activities, but with over 20 various inside activities children, parents, and grandparents were kept fully engaged.

This was the first time a kid's games day had been tried as a holiday activity, normally a craft day for children is organised as a holiday activity, however the various games available were very enjoyable for both children and carers, whilst taking the kids away from the technological world they all seem to live in.

## Quiz answers

- 1- Coriander.
- 2- The 1930s
- 3- Legolas
- 4- Wellington
- 5- (c) Nullarbor is just Latin for "no trees." Ceduna is based on the Wirangu word *chedoona* (a place to rest), and Cudlee Creek probably comes from the Kaurna *kadli* (wild dog or dingo).
