In The Garden 2021 No 9

With winter, wind and rain arriving the pleasure of the garden is not so appealing. There are, though, great days ahead to enjoy.

On those days check the ties on trees and shrubs, the newly transplanted, see they are secure, and the plant is firmly in the ground. Sometimes they can be spun in circles by the weather, so press gently and firmly to be sure they are secure.

I have read and heard this but are yet to test it. Sprinkle black pepper into a glass of water, stir and put seeds for planting in it. The seeds that float to the top are the best seeds to plant.

Quiz questions

- 1- Outside of Africa, what is the only country in the world with a wild population of lions?
- 2- Which horse won the Melbourne Cup in 1999 and shares its name with an Indian dish?
- 3- Home to Tokyo, what is the name of the main island of Japan?
- 4- What is the most northerly point of Australia?
- 5- What type of machine was Isaac Singer granted a patent for in 1851?

NEWS FROM HUMMOCKS WATCHMAN EAGLES FOOTBALL & NETBALL CLUB

It was great to flip the results we had against Angle Vale on May 15th and have a clean sweep of the right kind against the United Tigers at Port Wakefield last Saturday! After losing every footy game against Angle Vale, the Eagles won the A grade by 85-points, the reserves by 52-points, senior colts by 72 and junior colts by 48 against United.

It was almost the same story over at the netball, winning six out of eight games. Our A1, A2 and A3 sides still remain undefeated after six rounds, with all teams in the top two on the ladder.

Jacob Wilson was our little A grade mascot for the day, running out with the top side and helping them warm up. Congratulations to United's Ben Pym who notched up his 400th game while playing against us in the reserves game yesterday.

Big thanks to Bek and Dylan Stodart who put on a ripper glitter & glow disco for the kids, with some great tunes, glow sticks and even a dancing monkey man (who might've had the beats cranking through the streets of Wakey on the way to the clubrooms!!)

This week we take on Balaklava at Balaklava, and the following week is against Virginia, at Port Wakefield...as well as our Premiership Reunion weekend and our annual Goods & Services auction. Why not come down to the oval, watch the footy, have some tea & enjoy the auction! We'd love to see you. (And if you've got an item you'd like to donate, we'd love to hear from you!)

GOODS & SERVICES AUCTION - Saturday June 5th @ the clubrooms
ALL WELCOME! More details: Jake Taylor 0437 628 650

13&UA - Hummocks 18 (Alexa Young) lost to. Long Plains 24 (Tameika West)

GO - Hummocks 5 lost to. Long Plains 8

Birds of the Port Wakefield

Area

From a book of the same name by Paul Taylor & Wikipedia

Singing Honeyeater *Gavicalis virescens*

It was previously placed in the genus *Lichenostomus* but was moved to *Gavicalis* after molecular phylogenetic analysis published in 2011 showed that the original genus was polyphyletic.

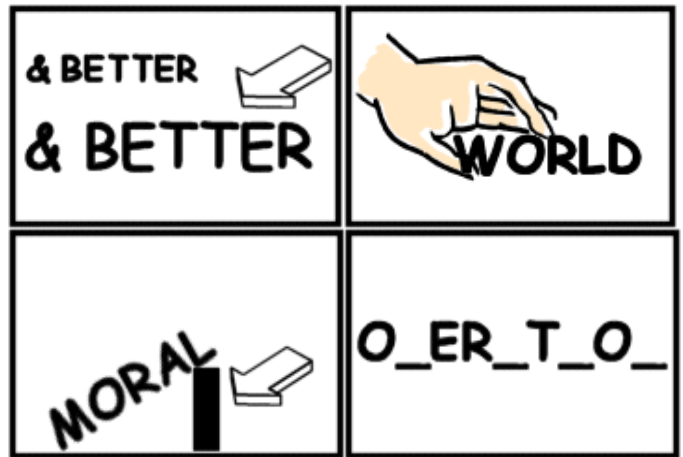

Probably the most common honeyeater in the Port Wakefield Area. A resident found in all types of habitats.

The bird lives in a wide range of shrubland, woodland and coastal habitat. It is relatively common and is widespread right across Australia west of the Great Dividing Range, through to the west coast and on Western Australian coastal islands. It does not occur in other countries.

Singing honeyeaters can vary in length from 17–22 cm. Their over-all appearance is grey-brown. The tail and wings are olive-green with flashes of yellow. There is a broad black stripe running from the behind the beak to the back, and a yellow streak immediately below this from the eye. The bird's song ranges from scratchy to melodious. The song also varies according to where they live.

The singing honeyeater has many close relatives that have a similar general appearance or some details in common, with overlapping ranges and similar voices, so a bird identification guide with clear visuals may be essential to attain clear identity.

Port Wakefield CFS cadets

Due to unforeseen circumstances I have had to make the difficult decision to suspend Port Wakefield CFS Cadets. I would like to thank all those members who have given up their free time to help run our cadet program. I sincerely apologise to all the Cadets and their families for any inconvenience. Hopefully in the near future we can work out a detailed plan for long term success and restart the program.

If there are any parents out there that wish to be a part of this, please don't hesitate to contact me. We are currently seeking more volunteers in all areas and the CFS cadets are a valuable part of the Port Wakefield CFS Brigade.
